

Press Release

Start of Superstreet Bike Cup in Santa Pod (Great Britain)

Friday and Saturday there were 2 good qualifications round each day, but with some track cleaning. The race started better than the forecast had pronounced, but unfortunately the rain came in at 12 o'clock just when the SSB class have their 1st round of the eliminations. There was no winner in this race, but UK rider G. Balchin made 40 points, which include a new European ET record in 7.1933 sec. So that made him the leader of the FIM Europe SSB Cup, after first round.

Next round is scheduled from the 23rd to the 26th of May in Santa Pod (Great Britain).
