## DEFINITION

FIM Europe organises European Championships and Prize Events (Cups, Trophies etc.). The FIM Europe Championships and Prize Events are staged as a series of qualifying events leading up to a Final / Final Series.

### 1. LICENSES

#### 1.1 Riders

Licenses for all European Championships and Prize events are issued by the FIM Europe. FIM licences are NOT valid for FIME events.

A rider who is entitled to take part in European Championships and Prize events is required to purchase a FIM Europe license.

The minimum obligatory insurance coverage for riders and passengers is as follows:

- For medical treatment - 14.000 Euro
- For repatriation - 3.400 Euro

#### 1.2 Age of Riders and Passengers

Licenses for riders and passengers are issued only with permission of their own federations and with a minimum age as follows for FIM Europe Championships and Prizes, as well as for international meetings:

	Min. Age	Max. Age
- Individual Speedway Euro Championship	16 years	-
- European Under 19 Individual Speedway Cup	16 years	19 years
- European Under 19 Speedway Pairs Cup	16 years	19 years
- European Under 21 Individual Speedway Championship	16 years	21 years
- European Under 21 Team Speedway Championship	16 years	21 years
- European Individual Ice Speedway Championship	16 years	-
- European Pairs Speedway Championship	16 years	-
- European 85cc Youth Speedway Cup	12 years	15 years
- European 250cc Youth Speedway Cup	13 years	16 years
- European Individual Grass Track Championship	16 years	-
- European Sidecar Championship	16 years	-
- European 125cc Youth Track Racing Cup	10 years	16 years
- International Speedway, Ice Racing, Sidecar and - Grass Track events	16 years	-

The minimum age for each and every category of meetings starts on the competitors' minimum age birthday.

The maximum age (when applicable) finishes at the end of the year in which the competitor reaches the maximum age.

Applicants aged over 50 years must attach to the rider's license request a certificate of fitness certified by a Doctor designated by his FMN and having special knowledge in motorcycle sport medical requirements.

### 1.3 Entrants

An entry form for each competitor (nominated by his FMN to compete in a FIM Europe Individual Championship or Cup event) must be completed on the official TRC entry form and signed by both the competitor and their FMN before the first round or staging of any competition.

Where a competitor is entering a Championship event (or Cup) with more than one round (e.g. Qualifying Round, Semi Final event, Final or series of Finals), then the competitors FMN must send one copy of the entry form to the FIME Track Racing Commission, and a second copy to the organiser of the event. This entry form will confirm that the rider (and passenger if applicable) will compete in all rounds of this Championship or Cup – should they qualify.

The SEC Finals are an exception to this rule and rule 12.9.6 will apply.

Entry forms should be sent to the FIME TRC/organising club no later than three weeks before the event. In the situation of a rider nomination being announced later than this date, the announcement must be made immediately, in order that the rider can prepare for the event and send his completed entry form as above without further delay

For 'Team' meetings, entry forms must be completed and submitted **on the dedicated form with** each member of the team **listed not later than 14 days prior to** each meeting (Semi Final, **Qualifying Round** and Final)

**Once the entry form has been submitted the rider must participate in the meeting unless medically unfit which must be confirmed by a Medical Certificate. Only in this case the FMN of the rider can nominate another rider to the meeting (if it applies).**

A competitor or a team who refuses a nomination by their FMN to compete in an FIM Europe Championship or Cup event or, having accepted nomination refuses to take part, shall be deemed suspended internationally for a minimum period of ONE day before and up to THREE days after the meeting concerned.

Furthermore, the competitor or a team shall be considered ineligible for all FIM Europe Championship events for the remainder of the season.

A competitor or a team who has accepted a nomination to compete in a FIM Europe Championship or who has qualified for the next round (i.e. Semi Final, Final or Final series) must participate at every event.

**A** competitor, having been declared and medically certified as unfit to take part in the event (to the satisfaction of either the FIME or the Jury), shall be suspended internationally for a minimum period of one day before (where applicable) and up to three days after the event concerned.

If a rider is prevented from arriving at an event for any reason that could be construed as "force majeure", then a decision on the acceptability of the "force majeure" situation must be made by the FIM Europe Jury of the event from which the competitor or team is absent, or by the FIM Europe Track Racing Commission, if the absence is known one week prior to the event.

**During an FIME event, the Jury, Referee or appointed Race Director has the authority to penalise an FIME licensed rider, a FIM/FIME licensed Official or any other person (e.g. volunteers), in line with the FIME Disciplinary Code. Refer also to section 25 'Fines'.**

## 1.4 Substitute Riders

For all meetings of any FIME competition (except Team meetings), at least two substitute riders/Sidecars must be available.

For the first round of any Championship/Cup, the substitute riders/Sidecars are nominated by the FMNR.

For the following rounds of any competition, the substitute riders will be qualifiers from the previous rounds as stipulated in the rules for certain Championship/Cup events.

If the rules do not provide another solution, the substitute who has qualified from the 1<sup>st</sup> Semi Final (**or Qualifying Round**) will be the first substitute on the starting list of the Final, then the first substitute from the 2<sup>nd</sup> Semi Final (**or Qualifying Round**) and so on.

**Prior to the commencement of the meeting, the Starting List can be changed by the TRC Chairman, or Vice-Chairman, and in the situation of an injured/unavailable rider(s), then he/they will be replaced by the next riders from the same Semi Final (or Qualifying Round) – if time allows.**

In order to complete the line-up of competitors in the case of a non-appearance of the nominated/qualified riders and substitutes in any meeting, the FMNR can nominate their own riders/Sidecars as Track Reserves

The points scored by a Track Reserve count towards the result of the event he is competing in (so the rider/Sidecar is classified in the overall result of this event).

## 1.5 Tracks

Tracks used for European Championships or Cups must be homologated by the FIM Europe or the FIM and have a valid FIM Europe or FIM tracklicense.

## 2. JURY SYSTEM

### 2.1 Jury Composition

The Jury consists of the following people: Qualifying Rounds and Semi Finals (except Individual SEC Meetings, Individual Grass Track Semi Finals and Sidecar Qualifying Rounds) – 2 people:

## 4. SUPPLEMENTARY REGULATIONS

The Supplementary Regulations (SR's) for a meeting must be sent directly to the FIM Europe Track Racing Commission (TRC) Chairman for approval AT LEAST 60 DAYS prior to the event. The TRC Chairman will signify approval of the Supplementary Regulations by adding his signature to the last page of the SR's. Once the SR's have been approved, the TRC Chairman will send a copy to the FMNR, the Jury President/ Referee and the FIM Europe General Secretariat.

In the situation where the TRC Chairman does not receive the Supplementary Regulations within the specified time frame of 60 days, the FMNR responsible for the meeting will be fined 130 €

- The results immediately after the last Jury meeting; to the FIM Europe General Secretariat, the FIM, the FMNR, and the TRC Chairman.
- Details of any protests submitted together with the fees collected.
- The Jury President's or Referee's report within 72 hours following the event.

The organisers are therefore requested to provide a personal computer (for sending and receiving emails) plus a telephone on site.

The results lists of the Championships and Cups will appear on the FIM Europe ([www.fim-europe.com](http://www.fim-europe.com)) and FIM Internet sites ([www.fim-live.com](http://www.fim-live.com)).

In addition to the above reports, the Jury President, Jury President/Referee must send a copy of any Accident Report form(s) – as completed by the Chief Medical Officer – promptly to the relevant injured rider's federation.

## 7. FIM Europe FLAG/ FIM Europe LOGO/ PODIUM

It is mandatory for all FMNR/Organisers to display the FIM Europe flag during all European Championships or Cup events – including any Qualifying Rounds, **Semi Finals including the SEC Challenge**.

The FIM Europe flag must be purchased from the FIM Europe Executive Secretariat in Rome.

On all official documents regarding FIM Europe Championship or Cup events, the FIM Europe logo must be used in the official colours. A jpeg/eps file can be requested from the General Secretariat in Rome.

An official winner's podium **MUST** be provided by the organisers of the 'Final' event in each European Championship or Cup event to ensure that a high standard of presentation is achieved for the prize giving ceremony.

## 9. GENERAL INFORMATION

All communications of the FIM Europe General Secretariat are always made through the FMN's. The FMN's are requested to transmit all information (rules, letters, calendars, etc.) to all relevant persons and organisations (Members of FIM Europe Commission and Panel members, Organisers, Jury Members, Jury Presidents, Referees, riders, etc.). Communications to members of the FIM Europe Council and the Chairmen of the Commissions are made directly to them.

## 10. APPLICABLE RULES

The following rules are in force for Track Racing:

- FIM Europe Statutes and By-Laws
- FIM Europe Annuaire **2019**
- FIM Europe Sporting Code **2019**
- FIM Europe Disciplinary and Arbitration Code **2019**
- FIM Track Racing Technical Rules **2019**
- FIM Medical Code **2019**
- FIM Anti-Doping Code **2019**
- FIM Environmental Code **2019**
- FIM Track Racing Appendices **2019**
- FIM Standards for Track Racing Circuits **2019**
- FIM Code of Ethics **2019**

In addition to the rules mentioned above, the **2019** rules for European Track Racing Championships and Cup events for are also applicable.

All rules – as stated in the **2019** FIM Track Racing Appendices (General Rules for Track Racing) – are applicable to all FIM Europe Championship and Cup events. However if there is a contradiction between a rule that appears in the FIM and FIM Europe Track Racing Rules (TRR's), then the FIM Europe rule takes priority.

## 11. THE ENVIRONMENT

Environmental issues and the protection of our planet is an extremely sensitive subject, therefore organisers, competitors and spectators alike must all work together to ensure we do our very best to protect the environment.

The FIM Environmental Code is fully supported and upheld by FIM Europe. However the TRC would remind organisers to ensure that every effort **MUST** be taken to ensure that the ground is protected from spillages and leakages. Therefore any waste oil containers must be positioned within a bund (a protective container or absorbent material to prevent further leakage), and that generators used at an FIME event are positioned on either an environmental mat or other suitable protection.

Organisers must also make arrangements for providing a suitable number of waste collection points for general rubbish (waste bags, collection bins etc.) based on the number of spectators they anticipate attending their event.

## 12. INDIVIDUAL SPEEDWAY EURO CHAMPIONSHIP (SEC)

### 12.1 General

The competition will be run according to the **2019** FIM Track Racing Appendices including any amendments included within this section.

The Individual Speedway Euro Championship (SEC) consists of the 'Qualification stage' with four **Qualifying Rounds**, the Individual Speedway Euro Championship Challenge (ECC) and the series of four 'Final' meetings.

The Final series will be organised in partnership with a contractual FIM Europe Promoter.

The Individual Speedway Euro Championship Bureau (ECB) is a special commission which will be responsible for controlling the organisation of the Individual Speedway Euro Championship Final series. The ECB will consist of five members – two members from the contractual FIM Europe Promoter, the SEC Race Director (as per item 12.8) when appointed and two members from FIM Europe Track Racing Commission. The ECB Chairman will be the Chairman of FIM Europe Track Racing Commission.

### 12.2 Participants

For the 'Qualification stage' of this Championship, each FMN can nominate their own riders. The riders will then be allocated (by the FIM Europe TRC) to **the** various **Qualifying Round** meetings. The FMNR of each **Qualifying Round** can nominate two substitutes to this event. The line-up of riders for the Final series meetings will be completed by nominated and Wild Card riders as stipulated in 12.9.3

### 12.3 Meeting Format

All SEC meetings consist of 'Qualifying Heats' as **listed** in **the** table over the page, plus the Last Chance Heat and the Final Heat.

All heats will consist of four laps.

*(continued over the page)*

## Qualifying Heats Table

Helmet Colour	Red (inside)	Blue	White	Yellow (outside)
Heat No	Riders' Starting Numbers			
1	1	2	3	4
2	5	7	6	8
3	10	11	9	12
4	15	14	16	13
5	13	1	5	9
6	14	10	2	6
7	11	15	7	3
8	4	8	12	16
9	6	16	1	11
10	12	5	15	2
11	8	9	3	14
12	13	4	10	7
INTERVAL				
13	7	12	14	1
14	2	13	8	11
15	16	3	10	5
16	9	6	4	15
17	1	8	15	10
18	9	2	7	16
19	3	12	13	6
20	5	14	11	4

After Heat 20 there will be an Intermediate Classification according to the total race points each rider has scored during the Qualifying Heats.

**In case of any tie in the Intermediate Classification after Heat 20, TRR Rule 24.1 applies (for SEC Finals refer to 12.9.11).**

The two best placed riders will qualify for the Heat 22 (Final Heat). The riders placed 3<sup>rd</sup> to 6<sup>th</sup> will participate in Heat 21 (Last Chance Heat). If a rider is not able to participate in the Last Chance Heat or in the Final Heat, he CAN NOT be replaced by another rider. He will be deemed as the last place finisher of that heat.

### Heat 21 Last Chance Heat

The riders placed 3<sup>rd</sup> – 6<sup>th</sup> will participate in this heat. The winner and the runner up of this heat will qualify for the Heat 22 (Final Heat).

Riders' gate positions will be chosen by the riders in the order determined by their position in the intermediate classification. No points will be awarded in Heat 21

Heat 22 'Final Heat'.

Following the Intermediate Classification (after Heat 20), the two best placed riders, plus the winner and runner up of Heat 21 (the Last Chance Heat) will participate in the 'Final Heat'.

Riders' gate positions will be chosen by the riders in the following order: 1<sup>st</sup> placed rider of the Intermediate Classification (**1st choice**), then the 2<sup>nd</sup> placed rider of Intermediate Classification (**2nd choice**), followed by the winner of the Last Chance Heat (**3rd choice**), and finally the runner up of Last Chance Heat.

#### 12.4 Results

The final meeting classification will be according to the points scored during the meeting.

Positions 1<sup>st</sup> – 4<sup>th</sup> in the final meeting classification will be according to the result of the Final Heat (Heat 22) – irrespective of the total race points scored. **No points for Heat 22 will be awarded in the Qualifying Rounds and ECC meetings.**

After Heat 21, the remaining riders will be classified for positions 5<sup>th</sup> to 18<sup>th</sup> according to the points they have scored after Heat 20 – except for the ECC event in which the result of the Last Chance Heat will decide the final order of riders on positions 5<sup>th</sup> and 6<sup>th</sup> (e.g. a rider who has finished 3<sup>rd</sup> in the Last Chance Heat will be classified as 5<sup>th</sup> in the meeting etc.)

In the case of any ties, refer to section entitled 'Ties' further within these rules (for the Finals please also refer to item 12.9.11)

If the meeting has to be cancelled for whatever reason before the full schedule of heats has been completed, the 'Intermediate Classification' – after either Heat 12, 16 or 20 (depending on the number of heats concluded) – will be confirmed as the final meeting result.

#### 12.5 Qualifying Rounds

There will be four **Qualifying Round** meetings organised at the 'Qualification' stage of the SEC. **The four** best riders from each **Qualifying Round** (as per 12.4 above) will qualify to the ECC.

The two reserve riders for the ECC will be the two **5th** placed riders from **either Qualifying Round 1, Qualifying Round 2, Qualifying Round 3 or Qualifying Round 4**, having scored the highest number of points.

If there is a tie on points between these riders, then precedence will be given to the rider having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> places (an "0" for last place being better than M-B-F-T-d-N). If the above solution still cannot identify the best two reserve riders, then a ballot will be used to determine the order.

If a rider is not able to take part in the ECC, he will be replaced by the next placed rider from his respective **Qualifying Round** if time allows.

**If no FMNR rider has qualified to the ECC, the FMNR can nominate its own rider for this event. In this case, only the three best riders from Qualifying Round 4 will qualify to the ECC and the fourth rider of this Qualifying Round 4 will be the 1st reserve rider for the ECC. The second reserve rider will be the best of riders from the 5th places of Qualifying Round 1, Qualifying Round 2 or Qualifying Round 3 (in the case of a tie – see above).**

## 12.6 ECC

The five best riders from the ECC will qualify to the SEC Final Series.

## 12.7 Practice

If the practice is planned on the same day as the meeting, then it must be scheduled a minimum of four hours prior to the first heat.

Practice will consist of two sessions per rider. Each session will be two minutes long, as determined by the Referee.

During all practice sessions there will be a maximum of four riders on the track.

## 12.8 SEC Race Director

In line with FIME Sporting Code 40.7, a Race Director can be nominated for the ECC and SEC Finals.

The Race Director is responsible for the conduct and efficient running of the SEC. He is not a voting member of the International Jury, but shall be present at all FIME Jury meetings.

The Race Director must ensure that the FIME's contractual commitments with the FIME SEC Promoter are fulfilled and complied with.

The Race Director is a voting member of the ECB Commission

Within the ECB Commission, the Race Director will be invited to contribute with regard to any updates or improvements to either the SEC Regulations as well as the SEC Work Manual

## 12.9 Final Series

### 12.9.1 Qualified Riders

Riders placed 1<sup>st</sup> to 5<sup>th</sup> from the previous year's Individual Speedway Euro Championship will automatically qualify for the Final Series.

If one or more of these five riders has also qualified for the FIM Speedway Grand Prix as permanent riders, then he/they will also be allowed to participate in the Individual Speedway Euro Championship.

Riders placed 1<sup>st</sup> to 5<sup>th</sup> in the Individual Speedway Euro Championship Challenge (ECC) will qualify for the Final series.

### 12.9.2 Nominated Riders

Five additional riders will be nominated by the European Championship Bureau (ECB) for the Final series – at the latest – one week after the Individual Speedway Euro Championship Challenge (ECC).

If any rider placed 1<sup>st</sup> to 5<sup>th</sup> in the previous year's Individual Speedway Euro Championship refuses, or is unable to participate in the Final series, a subsequent 'Nominated' rider (or riders) will participate in his/their place (or places) in the Final series. The 'Nominated' rider (or riders) cannot be the permanent riders of the FIM Speedway Grand Prix. The 'Nominated' rider or riders will be nominated by the European Championship Bureau (ECB).

### 12.9.3 Wild Card Riders

'Wild Card' riders (Individual Speedway Euro Championship Final series) will be nominated for each 'Final' meeting. All FMNs may propose suitable Wild Card riders. These proposals must be made in writing to the European Championship Bureau (ECB) email: [ecb.trc@gmail.com](mailto:ecb.trc@gmail.com) no later than one month prior to the meeting.

The ECB will make the final approval and nomination.

After nomination, the official Individual Speedway Euro Championship Final series entry form for Wild Card Riders must be completed and signed by both the rider and his FMN.

The FMN is responsible for completing and submitting the entry form to the FIM Europe Track Racing Commission at least two weeks before the meeting to which the rider is nominated.

Furthermore, the rider commits himself – by his signature – to be fully aware of all the FIM Europe rules; to accept them, and to compete in the Individual Speedway Euro Championship Final Series meeting for which he has been nominated.

### 12.9.4 Track Reserve Riders

The FMNR will propose two 'Track Reserve Riders' to compete in each final meeting. Proposals must be made in writing to the FIM Europe Track Racing Commission no later than one month prior to the meeting. The ECB will make the final approval and nominations.

After nomination, the official Individual Speedway Euro Championship Final Series entry form for Track Reserve riders must be completed and signed by both the rider and his FMN. The FMN is responsible for completing and submitting the entry form to the FIM Europe Track Racing Commission at least two weeks prior to the meeting for which the rider has been nominated.

Furthermore, the rider commits himself – by his signature – to be fully aware of all the FIM Europe rules; to accept them, and to compete in the Individual Speedway Euro Championship Final series meeting for which he has been nominated.

### 12.9.5 Qualified Substitute Riders

The ECB will nominate four riders to the 'Qualified Substitute List'.

In case of the absence of one or more riders in the Final meetings, the first available Qualified Substitute rider (or riders) – according to their placing on the Individual Speedway Euro Championship 'Qualified Substitutes list' – will be elevated to that meeting, and will take the place(s) of the relevant missing rider(s).

The list of Qualified Substitute riders will be published by the FIM Europe Track Racing Commission after the Individual Speedway Euro Championship Challenge (ECC).

All Qualified Substitute riders must submit the official Individual Speedway Euro Championship Final series entry form for Qualified Substitute riders to the FIM Europe Track Racing Commission prior to the deadline required by the Commission. This entry form must be completed and signed by both the rider and his FMN.

This entry form enters the rider into all the Individual Speedway Euro Championship Final series meetings he/she may be called up to compete in, unless prevented from doing so by injury or other “force majeure”. If a rider is unable to compete due to injury, then a suitably qualified Medical Practitioner must certify the injury or illness in writing to that effect.

The FMN is responsible for the completion of this entry form and submitting it to the FIM Europe Track Racing Commission.

Furthermore, the rider commits himself – by his signature – to be fully aware of all the FIM Europe rules; to accept them, and to compete in the Individual Speedway Euro Championship Final series meeting for which he has been nominated.

If a rider from the ‘Qualified Substitutes List’ (SEC Finals) receives a nomination (usually by email or telephone), to take part in a meeting LATER than 48 hours prior to the signing on time for the event, he has the right to reject the nomination.

A Qualified Substitute rider, who (without a reason accepted by the Chairman of the FIM Europe Track Racing Commission) refuses to take part in a meeting, may be removed from the Qualified Substitute riders list for the rest of the season.

In the event that no ‘Qualified Substitutes’ are available, the ECB or the International Jury may nominate one or more substitute riders.

#### 12.9.6 Entries

No entry fee may be charged.

Only Qualified and Nominated riders will be allowed to enter the Individual Speedway Euro Championship Final series.

All riders must submit the official Individual Speedway Euro Championship Final series entry form to the FIM Europe Track Racing Commission prior to the deadline required by the Commission. This entry form must be completed and signed by both the rider and his FMN.

This entry form confirms that the rider will compete in all the Individual Speedway Euro Championship Final series meetings of the year.

The FMN is responsible for the completion of this entry form as well as submitting it to the FIM Europe Track Racing Commission (for Wild Cards refer to item. 12.9.3, for Track Reserve riders, refer to item. 12.9.4 and for Qualified Substitute riders refer to item. 12.9.5).

Furthermore, the rider commits himself – by his signature – to be fully aware of all the FIM Europe rules; to accept them, and to compete in all the meetings of the Individual Speedway Euro Championship Final series.

A rider, who has entered the Individual Speedway Euro Championship Final series and refuses to take part, shall be deemed to be suspended from competing internationally for a period of one day before and up to three days

after the Individual Speedway Euro Championship Final series meetings concerned. Furthermore, he will be considered as ineligible for the Individual Speedway Euro Championship Final series for the remainder of the season.

A competitor who has started in the Individual Speedway Euro Championship Final series must participate therein unless prevented from doing so by injury or other “force majeure”. If a rider is unable to compete due to injury, then a suitably qualified Medical Practitioner must certify the injury or illness in writing to that effect. The competitor shall be deemed suspended internationally for a minimum period of one day before (where applicable) and up to three days after the event concerned.

In the case of a “force majeure”, the International Jury of the meeting will decide on **the situation/circumstances surrounding the rider’s non-appearance**.

If the absence of the rider is fully justified and accepted by the International Jury, he/she will be reinstated in the Individual Speedway Euro Championship Final series.

No FMN or other body or person may withdraw a rider from the competition once he has entered without prior authorisation in writing from the FIM Europe Track Racing Commission.

#### 12.9.7 Riding Numbers (Starting Position Draw)

Before the first SEC Final of the season, the ECB will publish a ‘Ranking List’ of all participants of the Final Series.

Riders who finished in positions 1<sup>st</sup> to 5<sup>th</sup> in the previous year SEC Final classification will be allocated ranking numbers 1 to 5 according to their placing. If any of these riders do not accept the invitation to take part in the SEC Finals, the remaining riders will be progressed on the ‘Ranking List’ accordingly.

In each SEC Final event, riding number 16 will be allocated to the ‘Wild Card’ rider, and riding numbers 17 and 18 will be allocated to the Track Reserve riders.

The ranking SEC number will be used to resolve any eventual ties where the **lowest ranked number** is deemed to be the better placed rider. Additionally, the fifteen permanent and up to four substitute SEC riders may apply to use their own ‘personal racing number’ on their race jacket and motorcycle.

They may choose any riding number with a maximum of three digits, provided that it has not previously been allocated to another rider – and the number does not start with a 0 (zero). Riding numbers 1 to 22 are reserved for the use of FIME only. Riders can only use them if it complies with their ranking numbers.

To request a specific ‘personal racing number’, the rider must send an application to the FIME TRC within a set deadline – which is seven days after the ECC date.

Should more than one rider request the same ‘personal racing number’, preference will be given to the rider who has a clear history of using this number, or if this is not the case, this number will be allocated to the rider with the higher ranking position (lowest ranking number). Other riders will then need to select an alternative number.

Riders who have not requested a specific personal riding number within the deadline will be required to use their ranking SEC number.

The FIME SEC promoter will supply the riding number jackets, and it is compulsory for each rider to wear their riding number jacket at all times e.g. during any TV interviews, ballots, practice sessions, Riders Parade, press conferences, racing, during the Prize Giving Ceremony and in the pits area.

The covering of any part of the riding number jacket in any way is not permitted.

All riding number jackets (issued by the FIME SEC promoter), will need to be signed out when received and signed back in **again** when returned by the rider's mechanic or representative, to a collection point to be confirmed by the Race Director at each event.

The rider is responsible for his/her riding number jackets, and the cost of any riding number jacket not returned will be charged to the rider and deducted from any prize money due to them.

A starting position draw for each Final event will be balloted by the FIME.

#### 12.9.8 Two Minute Clock

**A large faced 'count-down' clock must be positioned on the infield – in front of the start line tapes – to indicate the remaining time of the two minutes time allowance.**

#### 12.9.9 Fuel

Fuel will be supplied **free of charge** to the riders by the **event** organisers. It is compulsory for the riders to use the fuel supplied by the organiser during both practice and racing.

#### 12.9.10 Restaging of the Meeting

If due to adverse weather conditions, the event cannot be run on the scheduled date, and the Jury – in agreement with the organiser/promoter – having studied the regional and national weather forecasts – assume that it will not be possible to rerun the meeting on the official restaging date, then the meeting will be postponed and the organiser/promoter may propose a new date to run the event.

This new '**staging**' date must be accepted by the TRC Chairman or Vice Chairman, and a new set of SR's for the event must be issued with 24 hours of the cancellation, and sent to the FIME TRC for approval

#### 12.9.11 Results

Each SEC Final meeting results will be according to the item 12.4

In the situation of any ties in the classification after Heat 20, then refer to TRR **24.1 points a, b, c**. If the tie cannot be solved by this criteria, then the rider with the 'lower ranking' number on the SEC 'Ranking List' will be deemed the better placed rider.

The total points scored by each rider in the Qualifying Heats and the 'Final Heat' of each Final meeting will also be credited as European Championship points.

After each SEC 'Final' meeting, an Intermediate Classification list will be made. In case of any ties on the Intermediate Classification list, the rider with the 'lower ranking' number on the SEC 'Ranking List' will be deemed the better placed rider.

The Individual Speedway Euro Champion will be the rider having collected the most European Championship points at the end of the series.

In case of a tie between one or more riders in the final overall classification, a run-off will take place to decide the 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> places. If in the 'Final Classification', there is a tie for 5<sup>th</sup> place, then this will require a run-off to decide the final place for the following year's qualified riders. For all other places, the rider with the 'lower ranking' number on the SEC 'Ranking List' will be deemed the better placed rider.

After Heat 16 there will be an Intermediate Classification according to the total race points each 'Pair' has scored during the Qualifying Heats 1 to 16 for Groups A and B separately.

The two best placed 'Pairs' from each Group (A and B), will qualify for the Final Heats as follows:

Heat 17: the Pair placed 1<sup>st</sup> in Group A will race against the Pair placed 2<sup>nd</sup> in Group B

Heat 18: the Pair placed 1<sup>st</sup> in Group B will race against the Pair placed 2<sup>nd</sup> in group A

Heat 19: the Pairs who have lost in Heats 17 and 18 will race for 3<sup>rd</sup> place in the overall classification

Heat 20: the Pairs who have won in Heats 17 and 18 will race for 1<sup>st</sup> place in the overall classification.

If a 'Pair' is unable to participate in Heats 17 – 20 (none of the team's riders), they CANNOT be replaced by another 'Pair'. In this situation, the heat will not be run and the other 'Pair' will be deemed the winner of the heat.

Riders' gate positions (Red/Blue or White/Yellow) for Heats 17 and 18 will be chosen by the Team Managers in the presence of the Jury President and the Clerk of the Course in the following order: first choice for this 'Pair' placed 1<sup>st</sup> in its Group in the Intermediate Classification, then the 2<sup>nd</sup> placed 'Pairs' accordingly.

In the case of a tie in the result of Heat 17 or 18, the 'Pair' whose rider won the Heat is deemed the winner.

Riders' gate positions (Red/Blue or White/Yellow) for Heats 19 and 20 will be chosen by the Team Managers in the presence of the Jury President and the Clerk of the Course in the following order: first choice for the 'Pair' who won Heats 17 or 18, with higher number of points than the 'Pair' who won the other heat, and accordingly the 'Pairs' who lost heats 17 and 18.

If the situation arises where the 'Pair' who won Heats 17 and 18 have scored the same number of points in those heats, then the 'FIME Pairs ranking' will be used to determine the order of choice for Heat 20. The same procedure will apply to the 'Pair' who lost Heats 17 and 18 and who

**will need to make the choice of start positions for Heat 19.**

If the meeting has to be abandoned BEFORE the full schedule of races has been completed, the results are **not** considered final.

**In case of any ties AFTER Heat 16, then refer to the item 24.2.3 further within these rules.**

**Positions 3<sup>rd</sup> and 4<sup>th</sup> in the Final Meeting Classification will be according to the result of the Heat 19 – irrespective of the total race points scored.**

**In case of a tie in the result of either Heat 19 or 20, the ‘Pair’ whose rider won the heat will be deemed the winner of the heat.**

**After Heat 16, the remaining ‘Pairs’ will be classified for positions 5<sup>th</sup> to 9<sup>th</sup> according to the points they have scored.**

- **Position 5<sup>th</sup> – the better of the ‘Pairs’ who finished 3<sup>rd</sup> in their respective groups A and B by the points scored**
- **Position 6<sup>th</sup> – the worse of the ‘Pairs’ who finished 3<sup>rd</sup> in their respective groups A and B by the points scored**
- **Position 7<sup>th</sup> – the better of the ‘Pairs’ which finished 4<sup>th</sup> in their respective groups A and B by the points scored etc.**

**Ties – in case of any tie, refer to rule 24.2.3.**

## 16 EUROPEAN PAIRS SPEEDWAY CHAMPIONSHIP

### 16.1 General

Competitions for National Pairs: seven 'Pairs' will compete in each meeting.

Depending on the availability of teams entering the competition, it is also possible that six 'Pairs' can compete in each Semi Final.

Each 'Pair' consists of two scheduled riders + one substitute rider (**this is not compulsory but strongly recommended**), who is entitled to race in a maximum of six (**five in a six "Pairs" format**) Heats.

The participating 'Pairs' will be divided into two Semi Finals and a Final according to the decision of the FIM Europe TRC **Three** 'Pairs' from each Semi Final will qualify to the Final.

**If due to insufficient numbers of Pairs entering the competition, (where it would be impossible to stage two Semi Finals and a Final), then the TRC will alter the competition to one Qualification Round and a Final. Allocations to these meetings will be decided by the TRC according to the previous year ranking. The TRC will also confirm the number of Pairs who will qualify through to the Final from the Qualifying Round.**

A 'Pair' representing the FMNR hosting the Final, will be allocated a place in the Final.

If the meeting has to be abandoned BEFORE the full schedule of races has been completed, the results are considered final if:

- In a seven Pairs event, at least 14 heats have been completed, then the results after Heat 14, will be considered to be the final classification of the meeting.
- In a six Pairs event, after the completion of either Heat 9 or 12 (according to the number of heats completed), then the results will be considered to be the final classification of the meeting.

## 17 EUROPEAN UNDER 21 TEAM SPEEDWAY CHAMPIONSHIP

### 17.1 General Competition for National teams.

The competition will be run according to the **2019** FIM Track Racing Appendices including any amendments included within this section.

Teams from different nations will compete in each meeting. The participating teams are divided into one Semi Final and a Final according to the decision of the FIM Europe TRC.

If the situation arises where a team is missing, the FMNR will provide an additional team. The points scored by the additional team will be counted towards the results of the race.

However the additional team will not be classified in the final championship result.

An organiser staging a meeting of this championship is guaranteed a place for its national team to compete in that particular event.

The competition will consist of two Semi Finals and a Final, with four teams competing at each event.

The winning team of each Semi Final will qualify through to the Final, together with the two teams nominated by the TRC.

Should there be a tie for the qualifying place to the Final, there will be a heat to resolve the tie – refer to **item 24.2**.

### 17.2 Participants

The riders of each team must be of the same nationality as the FMN that has nominated them.

The limit for the minimum age (16 years) starts on the date of the rider's birthday and the limit for the maximum age (21 years) finishes at the end of the year in which the rider reaches their 21<sup>st</sup> birthday.

### 17.3 Team Composition

The four competing teams consist of five riders: four rider having programmed rides and fifth rider being a substitute (**this is not compulsory but strongly recommended**), as follows:

Team A	(RED helmet colour)	No's	1	2	3	4	17 (substitute)
Team B	(BLUE helmet colour)	No's	5	6	7	8	18 (substitute)
Team C	(WHITE helmet colour)	No's	9	10	11	12	19 (substitute)
Team D	(YELLOW helmet colour)	No's	13	14	15	16	20 (substitute)

### 17.4 Substitute Riders

The substitute rider may take the place of any programmed rider at any time, within the maximum number of permitted heats (five heats) when decided by the Team Manager.

There will be no tactical substitute rider or Joker rule for this Championship.

## 17.5 Briefing Sessions

It is strongly recommended that Federations competing in this event send a Team Manager to oversee their riders and to attend the official Briefing sessions

Team Managers, nominated and licensed officials (not the competitors) must attend the Briefing sessions (as presented by the Jury President, Referee and the Clerk of the Course). It is the responsibility of the Team Managers to then brief their riders of any information that is relevant to the smooth running of the event (timings for practice, alcohol breath testing, arrangements for the rider's presentation etc.).

## 17.6 Practice

If practice is planned on the same day as the meeting, then it must be scheduled a minimum of four hours prior to the first heat.

If practice and the meeting are staged on the same day, one practice session will be planned where each rider will have three practice runs.

If practice and the meeting are scheduled on **TWO CONSECUTIVE DAYS**, two practice sessions, where each rider will have two practice runs in each session.

Teams may have a maximum of four riders participating in each practice session.

Each practice session will be two minutes long, as determined by the Referee.

After Heat 16, the points scored will be taken into account for riders nominated for Heats 17, 18, 19 and 20.

In the situation of riders of the same team tied on points the Team Manager will determine which rider will ride in which heat.

The rider nominated as substitute will be the substitute rider for the whole meeting. He is not classified after sixteen heats but he is entitled to race in a maximum of five heats in the meeting.

Ties – in the event of a tie, refer to the section entitled 'Ties' further within these rules.

## 18 EUROPEAN INDIVIDUAL GRASS TRACK CHAMPIONSHIP

### 18.1 General

The competition will be run according to the **2019** FIM Track Racing Appendices including any amendments included within this section, however in an FIME championship event where additional support races are incorporated there will not be a limit for the total number of heats.

The competition is for Individual riders: eighteen riders, plus two substitute riders who will compete in each meeting.

A scheduled rider who is unable to compete in a Semi Final event will be replaced by a substitute rider nominated by the host FMNR.

- Semi Final 1: nine riders and one substitute rider will qualify to the Final
- Semi Final 2: nine riders and one substitute rider will qualify to the Final

A scheduled rider who is unable to compete in the Final will be replaced by the next rider from the Semi Final concerned.

If no FMNR rider has qualified to the Final, then only eight riders + one substitute rider will qualify from Semi-Final 2, and the ninth place will be allocated to the host federation (FMNR).

### 18.2 Additional Protective Devices (APD's) and Track Safety Fencing

From the 1<sup>st</sup> January 2018, **tracks used for FIME Grass Track championship events, must comply with the current FIM Standards for Track Racing (STRC), including the provision for APD's (air type fences)**, unless an appropriate 'run off' zone is provided as per the current FIM Track Standards, which includes an option for an approved construction of the 'rope and stake' specification.

From 2017, the safety fence must have been modified and improved with the provision of a flexible alternative on the exit of bends TWO and FOUR for a distance of approx. 20 metres from the point where the bend fence or APD ends along the straights.

### 18.3 Participants

For this Championship, each FMN must nominate their own riders. The number of riders from each FMN will be allocated by the FIM Europe TRC to the Semi Final events.

### 18.4 Race Jackets

If race jackets are NOT provided by the organising club (as identified in the Supplementary Regulations), then personal race jackets DO NOT have to be worn.

However, the rider must clearly display his/her FMN's National flag of the front of their race suit with their riding number clearly visible on the back. The riding number must be positioned so that it is easily recognisable by the Referee and spectators during both practice and racing – refer to FIM Track Racing Appendices section 70.5.1 Race Jackets

## 18.5 Practice

It is strongly recommended that when an event is being staged on a Grass Track circuit, the 'National' or 'Support' riders practice should take place BEFORE the FIM Europe championship practice.

If practice is planned on the same day as the meeting, then it must be scheduled a minimum of four hours prior to the first heat.

In order to organise practice in line with the FIME practice schedule, it is strongly recommended that the club/organiser should allow a full two hours for the practice session to be staged. This will ensure riders have sufficient time to make any adjustments between their scheduled practice sessions.

If track grading is required, then additional time must be added to the above recommendation.

Riders will be divided into two equal groups. Each group will be given three free practice sessions of three minutes per session.

A maximum of six riders will be allowed on the track at any one time.

Following the last session of free practice, a further session of two 'Start' practices followed by two laps must be provided.

If an event is staged over two days, and practice is held the day before, a 'Warm Up' session should be organised on the day of the event. The 'Warm Up' session will comprise of one three minute session per rider, up to a maximum of six riders per session.

Groups of riders for the 'Warm Up' session will usually be in riding number order, or as per the groups organised for the previous day's practice session.

## 18.6 Race Format

Each Semi Final and Final championship event must be organised with fifteen heats in which six riders will participate in each heat. All heats will consist of four laps.

Heats 1 to 12 are called 'Qualifying Heats' and must be conducted according to the following schedule of heats:

Helmet Colour	Red (inside)	Blue	White	Yellow	Green	Black & White
Heat No	Riders' Starting Numbers					
1	1	2	3	4	5	6
2	7	8	9	10	11	12
3	13	14	15	16	17	18
4	3	17	1	15	8	10
5	16	12	5	2	9	13
6	4	6	11	18	14	7
7	18	15	7	12	10	1

9	5	9	14	3	6	8
10	10	11	18	13	3	9
11	6	16	8	1	2	15
12	17	7	4	5	12	14

After Heat 12, there will be an 'Intermediate Classification' for places 1 to 18 according to the total points each rider scored during these Qualifying Heats.

From the 'Intermediate Classification' riders will then be placed into one of the last three 'Final Heats' (C, B and A).

Note: Riders positioned 17<sup>th</sup> and 18<sup>th</sup> (following the 'Intermediate Classification') will be classified in the overall result according to the points they scored during the 'Qualifying Heats' only.

	Rider' place following COMPLETION of the Qualifying Heats					
Final C	11 <sup>th</sup>	12 <sup>th</sup>	13 <sup>th</sup>	14 <sup>th</sup>	15 <sup>th</sup>	16 <sup>th</sup>
Final B	5 <sup>th</sup>	6 <sup>th</sup>	7 <sup>th</sup>	8 <sup>th</sup>	9 <sup>th</sup>	10 <sup>th</sup>
Final A	1 <sup>st</sup>	2 <sup>nd</sup>	3 <sup>rd</sup>	4 <sup>th</sup>	1 <sup>st</sup> B Final	2 <sup>nd</sup> B Final

A ballot for the gate positions must be arranged following the 'Intermediate Classification', and the riders who have qualified for these Final Heats, will select their gate positions in the presence of the Clerk of the Course and either the Referee and/or the Jury President.

The highest point's scorer who has qualified in each Final will have the first choice of gate position; the 2<sup>nd</sup> highest scorer has the second choice and so on. Riders placed 1<sup>st</sup> and 2<sup>nd</sup> in the B Final have the 5<sup>th</sup> and 6<sup>th</sup> choice of gate position in the A Final.

**Final Heats – in order for the two riders who have qualified from the B Final through to the A Final to prepare their motorcycles and personal equipment prior to the commencement of the A Final, the sequence of the Final races will be as follows: first the B Final, then the C Final, followed by the A Final (this ideally being the last race of the day).**

The 'Final Classification' of the championship event is made following the completion of the Final Heat (without taking into account any points scored during the Qualifying Heats):

*(continued over the page)*

	4 <sup>th</sup>	14 <sup>th</sup>
	5 <sup>th</sup>	15 <sup>th</sup>
	6 <sup>th</sup>	16 <sup>th</sup>
17 <sup>th</sup> after all points scored following the Qualifying Heats		
18 <sup>th</sup> after all points scored following the Qualifying Heats		

The finishing order of places 1<sup>st</sup> to 6<sup>th</sup> in this event will be decided by the position of the rider in the A Final – irrespective of the points scored during the event

The overall position for places 7<sup>th</sup> to 16<sup>th</sup> in this event are decided by the position of the rider in the Final in which they rode (C or B) – again irrespective of the points scored during the event.

Riders who cannot take part in any Final are considered to have finished last in that particular Final.

Riders who cannot finish any Final **due to** a fall, engine failure etc. will be classified according to distance they rode before the stoppage (the longer the duration before the stoppage, the better the position).

If any Final is re-run, and a number of riders are disqualified from that Final – and there is then a tie between them – then the tie will be resolved following the riders position as identified in the 'Intermediate Classification' (following Heat 20).

**The minimum number of heats for the results of the meeting to be confirmed is nine.**

**In the case of the meeting being abandoned before the full programme has been completed, the classification after heat 9 or 12 (whichever applies) will be the Final result of the event.**

Ties – in the event of a tie, refer to the section entitled 'Ties' further within these rules.

## 19. EUROPEAN SIDECAR CHAMPIONSHIP

### 19.1 General

The competition is for Sidecar teams: twelve Sidecar teams (or outfits) plus two standby Sidecar teams will compete in each meeting.

- **Qualifying Round:** six outfits and two substitute outfits will qualify to the Final
- Final: six outfits nominated by their respective FMN's, following allocation by the FIME TRC

The FMNR hosting the Final is guaranteed at least one Sidecar team from its Federation to compete in this event.

The diameter of the Sidecar's carburettor will be maximum of 38 mm.

### 19.2 Additional Protective Devices (APD's) and Track Safety Fencing

From the 1<sup>st</sup> January 2018, **tracks used for FIME Grass Track championship events, must comply with the current FIM Standards for Track Racing (STRC), including the provision for APD's (air type fences)**, unless an appropriate 'run off' zone is provided as per the current FIM Track Standards, which includes an option for an approved construction of the 'rope and stake' specification

From 2017, the safety fence must have been modified and improved with the provision of a flexible alternative on the exit of bends TWO and FOUR for a distance of approx. 20 metres from the point where the bend fence or APD (if installed) ends along the straights.

### 19.3 Participants

For this Championship, each FMN must nominate their own Sidecar competitors.

The number of Sidecar teams from each FMN will be allocated by the FIM Europe TRC to the **Qualifying Round**.

Both the Sidecar rider and passenger must wear the correct helmet colour during each race.

A Sidecar team – who has ridden in a Championship **Qualifying Round**, and who has NOT qualified through to the Final – cannot be seeded direct through to the Championship Final.

### 19.4 Race Jackets

If race jackets are NOT provided by the organising club (as identified in the Supplementary Regulations), then personal race jackets DO NOT have to be worn.

However, the rider (and passenger) must clearly display his/her FMN's National flag on the front of their race suit with their riding number clearly visible on the back. The riding number must be positioned so that it is easily recognisable by the Referee and spectators during both practice and racing – refer to FIM Track Racing Appendices section 70.5.1 Race Jackets

## 19.5 Practice

It is strongly recommended that when an event is being staged on a Grass Track circuit, the 'National' or 'Support' riders practice should take place BEFORE the FIME championship practice. If practice is planned on the same day as the meeting, then it must be scheduled a minimum of four hours prior to the first heat.

In order to organise practice in line with the FIME practice schedule, it is strongly recommended that the club/organiser allows one and a half hours for the practice session to be staged. This will ensure Sidecar teams have sufficient time to make any adjustments between their scheduled practice sessions.

If track grading is required, then additional time must be added to the above recommendation.

Sidecar teams will be divided into two equal groups. Each group will be given two free practice sessions of three minutes per session.

A maximum of six Sidecars will be allowed on the track at any one time.

Following the last session of free practice, a further session of two 'Start' practices followed by two laps must be provided.

If an event is staged over two days, and practice is held the day before, a 'Warm Up' session should be organised on the day of the event. The 'Warm Up' session will comprise of one three minute session per rider, up to a maximum of six Sidecar teams per session.

Groups of Sidecar teams for the 'Warm Up' session will usually be in riding number order, or as per the groups organised for the previous day's practice session.

## 19.6 Race Format

### 19.6.1 FOUR Sidecars per Heat

For tracks where four Sidecar teams compete per heat, the following rules must be followed. Heats 1 to 12 are called 'Qualifying Heats' and must be conducted according to the following schedule of heats

After Heat 12, there will be an 'Intermediate Classification', for places 1 to 12 according to the total points each Sidecar team scored during these Qualifying Heats.

From the 'Intermediate Classification' Sidecar teams will then be placed into one of the last three Final Heats (C, B and A).

Note: Sidecar teams positioned 11<sup>th</sup> and 12<sup>th</sup> (following the 'Intermediate Classification') will be classified in the overall result according to the points they scored during the Qualifying Heats only.

Sidecar teams who cannot finish any Final because of a fall, engine failure etc. will be classified according to distance they rode before the stoppage (the longer the duration before the stoppage, the better the position).

If any Final is re-run, and a number of Sidecar teams are disqualified from that Final – and there is then a tie between them – then the tie will be resolved following the riders position as identified in the 'Intermediate Classification' (following Heat 12).

#### 19.6.2 SIX Sidecars per Heat

For tracks where six Sidecar teams compete per heat, the following rules must be followed.

Six outfits may be raced on tracks where dimensions allow – the minimum space allowed MUST be 2.5 metres per Sidecar outfit (minimum track width 15 metres).

After the Qualifying Heats of each day there will be an 'Intermediate Classification' from the 1<sup>st</sup> to the 18<sup>th</sup> place according to the total race points each rider has scored during the Qualifying Heats. According to this 'Intermediate Classification' the riders will qualify to the Final Heats as follows:

Riders placed 13<sup>th</sup> – 16<sup>th</sup> will take part Final D Riders placed 9<sup>th</sup> – 12<sup>th</sup> will take part in Final C Riders placed 5<sup>th</sup> – 8<sup>th</sup> will take part in Final B Riders placed 1<sup>st</sup> – 4<sup>th</sup> will take part in Final A

All heats will consist of four laps.

The gate positions for each Final Heat will be chosen by the riders in order based on the Intermediate classification. The best placed rider has the first choice of start position, the second placed rider has second choice etc.

The gate positions must be chosen in the presence of the Jury President.

#### 21.4.2 One Day Event

In case of a One Day Final (e.g. natural Ice Speedway tracks) the Final will be organised in a 22 Heat format: 20 Qualifying Heats + 'Last Chance' Heat + Final.

##### Heat 1 – 20 – Qualifying Heats

After Heat 20 there will be an 'Intermediate Classification' according to the total race points each rider has scored during the Qualifying Heats.

The two best placed riders will qualify for the Heat 22 (Final Heat). The riders placed 3<sup>rd</sup> – 6<sup>th</sup> will participate in Heat 21 ('Last Chance' Heat). If a rider is unable to participate in the 'Last Chance' Heat or in the Final Heat, he CANNOT be replaced by another rider. He will be deemed as the last place finisher of that heat.

##### Heat 21 – 'Last Chance' Heat

The riders placed 3<sup>rd</sup> – 6<sup>th</sup> will participate in this heat. The winner and the runner up of this heat will qualify for the Heat 22 (Final Heat).

Riders' gate positions will be chosen by the riders in the order determined by their position in the 'Intermediate Classification'.

No points will be awarded in Heat 21.

##### Heat 22 – Final Heat

Following the 'Intermediate Classification' (after Heat 20), the two best placed riders, plus the winner and runner up of Heat 21 (the 'Last Chance' Heat) will participate in the Final Heat.

Riders' starting gate positions will be chosen by the riders in the following order: 1st placed rider from the 'Intermediate Classification', then the 2<sup>nd</sup> placed rider from the 'Intermediate Classification', followed by the winner of the 'Last Chance' Heat, and finally the runner up of 'Last Chance' Heat.

The gate positions must be chosen in the presence of the Jury President.

## 21.5 Results

Positions in the classification of Final Rounds will only be according to the results of the Final Heats as follows – the race points collected in Qualifying Heats are irrespective:

Position in Final Heats	Overall Position in Final Round Classification
1 <sup>st</sup> in Final A	1 <sup>st</sup> place
2 <sup>nd</sup> in Final A	2 <sup>nd</sup> place
3 <sup>rd</sup> in Final A	3 <sup>rd</sup> place
4 <sup>th</sup> in Final A	4 <sup>th</sup> place
1 <sup>st</sup> in Final B	5 <sup>th</sup> place
2 <sup>nd</sup> in Final B	6 <sup>th</sup> place
3 <sup>rd</sup> in Final B	7 <sup>th</sup> place
4 <sup>th</sup> in Final B	8 <sup>th</sup> place
1 <sup>st</sup> in Final C	9 <sup>th</sup> place
2 <sup>nd</sup> in Final C	10 <sup>th</sup> place
3 <sup>rd</sup> in Final C	11 <sup>th</sup> place
4 <sup>th</sup> in Final C	12 <sup>th</sup> place
1 <sup>st</sup> in Final D	13 <sup>th</sup> place
2 <sup>nd</sup> in Final D	14 <sup>th</sup> place
3 <sup>rd</sup> in Final D	15 <sup>th</sup> place
4 <sup>th</sup> in Final D	16 <sup>th</sup> place
17th in Intermediate Classification after Qualifying Heats	17 <sup>th</sup> place
18th in Intermediate Classification after Qualifying Heats	18 <sup>th</sup> place

If a rider cannot take part in a Final Heat for which he has qualified, he will be automatically considered as placed in the last position of that Final Heat and WILL NOT be replaced. If two or more riders cannot participate in the same Final Heat, their relative positions will be determined by their positions in the Intermediate Classification after the Qualifying Heats.

European Championship points will be awarded to the riders in each Final Round according to their place in the classification as follows:

Place	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18
Points	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0	0

The Final classification of the Championship will be determined by the TOTAL NUMBER of championship points gained by the riders in the Final Rounds.

In case of ties in the Final classification:

- for the first three places, a run-off should be held,
- for the other places, the better placed rider in the last Final Round will have the higher position in the Final Championship classification.

In the situation of a One Day event, the result will be as follows:

The 'Final Meeting Classification' will be according to the points scored during the meeting.

Positions 1<sup>st</sup> – 4<sup>th</sup> in the 'Final Meeting Classification' will be according to the result of the Final Heat (Heat 22) – irrespective of the total race points scored.

Ties – in the event of any ties, refer to the section entitled 'Ties' further within these rules.

### 23.1. General

The competition will be run according to the **2019** FIM Track Racing Appendices including any amendments included within this section:

A maximum of six riders will participate in each heat and Final according to the pre-determined format.

#### 23.1 Participants

For this European Cup event, each FMN must nominate their own riders.

Each FMN must submit a request regarding a number of interested riders to the FIM Europe Track Racing Commission one month before the event.

Once all the nominations have been received, the FIM Europe TRC will prepare a document listing all riders and their respective FMN's.

The number of riders from each FMN will be allocated to the Championship event and the race format will be confirmed by the FIM Europe TRC.

The two reserve rider's places in the Final will be allocated to the FMN hosting the event.

The limit for the minimum age for a rider is 10 years and starts on the date of the rider's birthday. The limit for the maximum age of a rider is 16 years and finishes at the end of the year in which the rider reaches their 16<sup>th</sup> birthday.

#### 23.2 Practice

Practice is compulsory.

According to the FIM Track Racing Appendices of **2019** for Long Track and Grass Track, including the following changes:

Practice will consist of two sessions per rider. Each session will be three minutes long, as determined by the Referee.

Following the last session of free practice, there will be a further practice session for all riders, of **two** practice starts (under the control of the Referee), followed by **one lap**.

A maximum of six riders will be allowed out to practice at the same time.

If the practice is planned on the same day as the event, then it must be scheduled a minimum of four hours prior to the first heat.

In the case of a two day meeting (that is held at the same track), with each day counting as a Final, the riders will be allowed to complete practice on the first day as outlined above.

On the second day riders will be offered one free session of one start practice, followed by two laps – this practice is not compulsory.

A rider is considered to have taken part in the practice once he/she has completed two laps,

### 23.3 Technical Specification

Motorcycles must be equipped with a single cylinder 4-stroke engine.

The cylinder capacity must be over 100 cc and up to 129 cc, without further tolerance. Maximum carburettor diameter; 29 mm. This measurement must be taken on the engine side from the carburettor. Fuel injection systems are forbidden.

Minimum weight: 60kg

Wheels, Rims, Tyres

- Rear – min 17” – max 22”
- Front – min 1” more than rear mounted wheel.
- Maximum width of the rear wheel tyre: 100 mm.

Only tyres that conform to the Track Racing profile (Trials Universal type pattern/ track tread) can be used.

Number plates: colours must follow the RAL colour table – white numbers (RAL 9010) on a green (RAL 6002) background.

If the event is run on a Speedway track, then the rules applicable to Speedway – e.g. 19” maximum rear wheel size, two minute time allowance etc. – will apply.

However, in order to contain costs, silencer heat shields, homologated silencers and close fitting rear mudguards (35mm gap between the underside of the mudguard and the top of the rear tyre) are NOT compulsory.

Speedway frames, as well as Grass Track frames are allowed however, if a Grass Track frame is used in this Championship (when the event is staged on a Speedway track), then the rear suspension MUST be removed and a solid piece of material (aluminium plate or similar) must be positioned in place of the rear suspension unit.

### 23.4 Race Format

Heats will consist of three laps.

The race format and the ballot of riding numbers will be made by the FIM Europe TRC no later than ONE MONTH prior to the event.

Riders will compete in three ‘Qualifying Heats’ plus a ‘Final Heat’.

After the completion of the ‘Qualifying Heats’ there will be an ‘Intermediate Classification’ (for places 1<sup>st</sup> to 22<sup>nd</sup>) according to the total points scored by each rider red during these Qualifying Heats. From the ‘Intermediate Classification’, riders will then be placed into one of four ‘Final Heats’ (D, C, B and A).

Note: Riders positioned 23<sup>rd</sup> and 24<sup>th</sup> (following the ‘Intermediate Classification’) will be classified in the overall result according to the points they scored during the ‘Qualifying Heats’ only.

The last four races will be called 'Final Heats':

	Rider's place following COMPLETION of the Qualifying Heats/Intermediate Classification					
Final D	17 <sup>th</sup>	18 <sup>th</sup>	19 <sup>th</sup>	20 <sup>th</sup>	21 <sup>st</sup>	22 <sup>nd</sup>
Final C	11 <sup>th</sup>	12 <sup>th</sup>	13 <sup>th</sup>	14 <sup>th</sup>	15 <sup>th</sup>	16 <sup>th</sup>
Final B	5 <sup>th</sup>	6 <sup>th</sup>	7 <sup>th</sup>	8 <sup>th</sup>	9 <sup>th</sup>	10 <sup>th</sup>
Final A	1 <sup>st</sup>	2 <sup>nd</sup>	3 <sup>rd</sup>	4 <sup>th</sup>	1 <sup>st</sup> from B Final	2 <sup>nd</sup> from B Final

A ballot for the gate positions must be arranged following the 'Intermediate Classification', and the riders who have qualified for these 'Final Heats', will select their gate positions in the presence of the Clerk of the Course and either the Referee and/or the Jury President

The highest point's scorer who has qualified in each 'Final' will have the first choice of gate position; the 2<sup>nd</sup> highest scorer has the second choice and so on. Riders placed 1<sup>st</sup> and 2<sup>nd</sup> in the 'B Final' have the 5<sup>th</sup> and 6<sup>th</sup> choice of gate position in the 'A Final'

'B' and 'A' Final' – sufficient time MUST be allowed by the Referee, between the 'B Final' and the 'A Final', to enable the two qualified riders from the 'B Final' to prepare their motorcycles and personal equipment prior to the commencement of the main European Cup Championship (A) Final.

The overall position for places 7<sup>th</sup> to 24<sup>th</sup> in this European Cup event result will be decided by the position of the rider in the Final in which they rode (D, C or B) – irrespective of the points scored in that Final.

The finishing order of places 1<sup>st</sup> to 6<sup>th</sup> in this European Cup event result will be decided by the position of the rider in the A Final – again irrespective of the points scored in that Final

Riders who cannot take part in any Final are considered to have finished last in that particular Final.

Riders who cannot finish any Final **due to** of a fall, engine failure etc. will be classified according to distance they rode before the stoppage (the longer the duration before the stoppage, the better the position).

If any Final is re-run, and a number of riders are disqualified from that Final – and there is then a tie between them – then the tie will be resolved following the riders position as identified in the 'Intermediate Classification' (following Heat 12).

**The Starting List for the Final will include information on the format of the Qualifying Heats and the minimum number of heats for the result to stand should the event have to be abandoned before the full programme has been completed.**

Ties – in the event of a tie, refer to the section entitled 'Ties' further within these rules.

## 24 TIES

### 24.1 Individual Speedway, Ice Speedway, 250cc Youth Speedway and 85cc Youth Speedway

In all Championship and Cup events, after the official programme of heats has been completed, there will be a run-off heat to resolve any tie on points between riders as specified below.

Starting positions at the gate for the run-off will be balloted in presence of the Clerk of the Course and either the Referee and/or the Jury President (if nominated).

Should there be a tie between the first three places or for the last qualifying place or substitute position, to go forward to the next round, there will be an additional heat (run-off) to resolve the tie.

When establishing the order between the riders in the list of intermediate or final results of all meetings (run-offs not included), ties will be solved as follows:

- a) Precedence will be given to the riders, tied on points, having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup> placing ( an “ 0 “ for last placing being better than M-R-F-T-d-N).
- b) If a tie still persists and involves only two riders, precedence will be given to the best placed rider in the heat where the two riders met.
- c) If a tie still persists and involves more than two riders it shall be checked whether there is a possibility to determine a proper precedence, i.e.: three riders tied in points: A, B, C:

Rider A has beaten Rider B  
Rider A has beaten Rider C  
Rider B has beaten Rider C

Then the precedence will be: best position for Rider A, then Rider B and then Rider C.

- d) If solutions a), b), or c) above cannot be used, the order shall be determined by a ballot. The ballot will be completed by the Referee, in the presence of the Jury President (if nominated).
- e) If one or more run-offs cannot be held due to circumstances of ‘Force Majeure’, then precedence will be given to the riders (tied on points) according to a), b), c) or d) of this article.
- f) When FIVE riders are tied on points, the following run-off schedule must be used:

Heat 1: Riders A, B and C

Heat 2: Riders D and E

Heat 3: 2<sup>nd</sup> and 3<sup>rd</sup> from Heat 1 and 2<sup>nd</sup> from Heat 2

Heat 4: 1<sup>st</sup> from Heat 1, 1<sup>st</sup> from Heat 2, 1<sup>st</sup> and 2<sup>nd</sup> from Heat 3

The riders must be balloted to Heats 1 and 2.

## 24.2 Team Speedway

### 24.2.1 Additional Heat (Run Off)

In all Championship and Cup events, after the official programme of heats has been completed, should there be a tie between the first three places or for the last qualifying place or substitute position (to go forward to the next round), there will be an additional heat (run-off) to resolve the tie.

One rider from each team involved in the tie will be nominated by the Team Manager to compete in the run off.

Starting gate positions for the run-off will be balloted in presence of the Clerk of the Course and either the Referee and/or the Jury President (if nominated).

If due to a situation of "force majeure", such a run-off cannot be staged, and in the situation of any other ties on points, the precedence will be given to the Team (tied on points) having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> places, (a '0' for last place being better than M-R-F-T-d-N), taking into consideration the placing of all riders of each Team. If these criteria cannot solve the tie, then the final order will be balloted by the Jury President (if nominated) or the Referee.

### 24.2.2 Last Qualifying Place

For any FIME Team or Pair competition in which the last qualifying place to the Final is decided by comparing the results of two Teams or Pairs who compete at two different Semi Finals, the following applies:

24.2.2.1 If in both meetings the Teams/Pairs raced in the same number of heats, the team which scored the most points will qualify through to the Final.

24.2.2.2 If the Teams/Pairs participated in a different number of heats (due to one or both meetings being abandoned BEFORE the completion of the full programme of heats), the average score per heat of the Team/Pair which raced in the lesser number of heats, will be added to this teams result (as many times as necessary to ensure the same number of heats have been calculated as the other Team/Pair completed). This will ensure a fair comparison to the other Team/Pairs score. The Team/Pair with the most points (following such a comparison) will qualify through to the Final.

In case of a tie in either of the situations outlined above, precedence will be given to the Team (tied on points) having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, and 4<sup>th</sup> places (a '0' for last place being better than M-R-F-T-d-N), taking into consideration the placing of all riders of each Team/Pair.

If the tie still cannot be resolved, then the Team/Pair with the higher position on the 'Ranking List' for certain Team/Pair's competitions based on the previous year's results will decide the result.

### 24.2.3. Team/Pairs Competitions

**In case of a tie in a Team/Pair's competition in Intermediate Classification or in case of a meeting being abandoned before the full programme of heats was accomplished, precedence will be given to the Team/Pair (tied on points) having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, and 4<sup>th</sup> places (a '0' for**

**last place being better than M-R-F-T-d-N), taking into consideration the placing of all riders of each Team/Pair.**

**If the tie still cannot be resolved, then the Team/Pair with the higher position on the 'Ranking List' for certain Team/Pair's competitions based on the previous year's results will decide the result.**

#### 24.3 Individual Grass Track, Sidecar and 125cc Youth Track Racing Cup

In all Championship and Cup events, following completion of the 'Intermediate Classification' there is a tie, and then the following will apply:

- a) Precedence will be given to the riders having the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup> or 6<sup>th</sup> placing where applicable (an '0' for last placing being better than M-R-F-T-d-N).
- b) Ballot, (the ballot will be completed by the Referee, in the presence of the Jury President (if nominated)).

In all Championship and Cup events, if following the 'Final Heats' (for example a dead heat in the Finals), there is a tie for either of the first three places, or for the last qualifying place, or for a reserve rider to go forward to the next round, a run-off will need to be staged to resolve the tie.

In the situation where a run off cannot be staged (for example in the interest of safety or severe weather conditions), the higher ranked rider/team at the 'Intermediate Classification' stage, will be awarded the higher position for the overall classification.

## 25 FINES
