If he did not succeed in starting the motorcycle, he must proceed to the pit lane upon instruction of an official, where he and/or his mechanics may make further attempts to start it.

Any failure to obey the instructions of the officials may result in a penalty or disqualification.

As of then the **FIM Race Director (CoC)** puts down the red flag and holds up the green flag. He will lower the green flag between the next 5 and 10 seconds upon which the Race starts.

The rider(s) in question will be shown a board displaying "JUMP START/+ 20 SECONDS" with his/their starting number(s) during 3 laps at the finish line.

The teams in the pit lane will be informed of the penalty by means of the TV results screen with the message : "Jump start # (number of each rider in question) + 20 seconds".

Only "official" video evidence can be used to demonstrate an anticipated start. Any "private/team" videos will not be taken into account by the Race Direction.

23. STOPPING OF A PRACTICE

The FIM Race Director (**CoC**) is authorised to prematurely stop any Free Practice session, Time Practice or Warm Up session for urgent and/or safety reasons or other cases of "force majeure". In that case, a red flag will be displayed to the riders.

The riders then have to follow instructions of officials and go directly to the pit lane where they can receive assistance or change motorcycles (in some cases).

The Practice session will be continued as soon as possible, upon the discretion of the FIM Race Director (**CoC**); time, conditions and weather permitting. In all cases, every attempt will be made to run the total duration of the session in question.

Riders must follow the instructions of officials and go directly to the pit lane where they can receive assistance. Changing of motorcycles is not allowed.

A restart will take place as soon as possible at the discretion of the FIM Race Director. At all times, a minimum of 10 minutes from the time the race was stopped will be given to prepare in the pit lane before the restart.

The generators must be disconnected. The tyre warmers must be removed from the tyres. All team staff must stand back in their pit box and leave the pit lance corridor. Any assistance to the riders is stopped.

All the riders taking the restart must line up the pit lane corridor.

A rider who is not ready by this time must return to the pit box where he can receive assistance. He cannot make the Warm-up Lap and must take the restart from the pit lane.

Riders “on track” who did not succeed in bringing their motorcycle in the pit lane by this time will be excluded from the restart.

2 minutes before the Warm-Up lap

A “2 MINUTES” board will be displayed and there will be a sound or whistle signal.

All the riders must be lined up in the pit lane corridor. Any assistance to a rider is prohibited. The penalty for violation of this regulation is disqualification from the restart.

If a rider has a mechanical problem in the pit lane corridor, he must push his motorcycle in the pit box where he can receive assistance. He cannot make the Warm-up Lap and must take the restart from the pit lane.

1 minute before the Warm-Up lap

There will be a sound or whistle signal and the FIM Race Director will stand in front of the pit lane exit holding up a red flag.

The riders in the pit lane corridor start their engines and prepare for the compulsory Warm-Up Lap.

The Clerk of the Course at the back of the pit lane corridor will raise the green flag.

If a rider has a mechanical problem at this point in time, he must raise his arm and push his motorcycle in the pit box where he can receive assistance. He cannot make the Warm-up Lap and must take the restart from the pit lane.

As of then

The FIM Race Director (CoC) moves to the side of the pit lane exit and lowers the red flag and the riders in the pit lane corridor leave the pit lane one by one to make the compulsory Warm-Up Lap.

All the other riders remain in the pit lane and take the restart from there. If several riders are concerned, they will be lined up according to their starting order.

The FIM Race Director will stand at the front of the starting grid holding displaying a red flag.

At the end of the compulsory Warm-Up Lap, each rider takes his initial starting position and the start procedure continues as in Art. 5.20.5.

If a Race is stopped before 50% of the racing distance has been covered but after 2 laps have been covered

If a Race is stopped after 2 laps and before 50% of the race distance have been covered, there will be a complete restart.

Riders must follow instructions of the Officials and return to the paddock. The restart will take place as soon as possible after the red flag was displayed.

Changing of motorcycles will be allowed. The final choice must be made when the riders enter the starting grid.

The rider(s) deemed being at fault for the stopping of the Race may be excluded by the Race Direction/International Jury from taking part in the restart or be penalised with loss of starting grid position. In that case, the rider(s) concerned must start from the row following the last row of riders.

If a Race is stopped after 50% of the racing distance has been covered

If a Race is stopped after 50% of the racing distance has been covered, the race will be considered complete and full Championship points will be awarded.

The finishing order will be based on the placing of the riders in the lap before the red flag was displayed.

However, the position and occupation of each post will be decided by the FIM Race Director, the Clerk of the Course, the FIM Chief Flag Steward (when appointed at the event) and the Chief Flag Marshal during the circuit control. 30 RESULTS

Procedure

All official outings of the riders on the circuit must be timed, with the results displayed on monitors and communicated to the press.

Timing shall continue until:

- a) 5 minutes after the end of each practice or timed qualifying session;
- b) 5 minutes after the arrival of the winner of the race in question.

The winner of a race is the rider who crosses the finish line first.

(having in mind that all possible penalties have been given to the riders e.g. time penalties, positions penalties or disqualifications)

Races are officially ended at the completion of the lap at which the chequered flag is displayed to the winner.

The riders who follow the winner will then be stopped when crossing the finishing line.

The time at which a motorcycle crosses a control line shall be registered at the moment the foremost part of the motorcycle crosses the line.

When crossing control lines, the rider must always be in contact with the motorcycle.

All the riders participating in a Race will be classified in order of finish and number of laps completed; i.e. all riders finishing on the same lap as the winner will be classified in the order they cross the finish line, followed by riders with one less lap, then two laps and so on. Riders must cross the finish line within 5 minutes of the arrival of the winner, i.e. riders have 5 minutes to complete the lap or it will not be counted in their result. The procedure to determine the classification in the results of riders who do not complete the

lap within 5 minutes after the arrival of the winner will be according to the number of laps completed, and in the event of a tie, according to their finishing order at the end of the preceding lap.

If the chequered flag is mistakenly displayed later than the official time/ distance, the finishing order shall be determined by the running order at the official time/distance.

Under any other circumstances, such as mistaken display of the chequered flag before the official time/distance, the finishing order shall be determined by the running order at the time the chequered flag is displayed.

All results must be homologated by the Race Direction.

The results will not become official until the time limits for protests have elapsed.

If a protest is lodged, the results will not become official until a decision is taken by the competent body.

If an appeal is lodged against the decision of the Race Direction, the results cannot be considered as definitive until a final decision has been taken by the competent body.
