

29th March 2024

Press Release n. 23

Issue #01 2024 of FIM Europe Magazine is now online!

The FIM Europe is glad to announce that the FIM Europe Magazine issue #01 is now online!

The FIM Europe is ready to start the 2024 season with new emotions.

The year begun with two important institutional meetings: the Elective General Assembly of the Alpe Adria Motorcycle Union and the MACEC General Assembly.

In March the FIM Europe Club Lapland Experience gave the possibility to visit and live Rovaniemi.

This issue is also an opportunity for the Beyond Sporting Commissions to get deep into some important topics.

From the Sporting point of view, the season is ready to kick off: all the calendars have been published, some Championships started and some Champions already crowned.

The FIM Europe also remember Uwe Petzold, who has been part of the Motocross and Snowcross Commission since 2017.
