

UEM Press Release

nr 43/2012

CANCELLATION OF EMX65 AND EMX85 IN HASKOVO

The Bulgarian Motorcycle Federation (BMF) informs that due to the bad meteorological conditions and heavy rains in the country in the last two weeks, it will be impossible to organize the SE Group European Motocross Championship 65/85 in Haskovo on 27th of May. The track and the infrastructure are completely flooded and difficult to access and they will need longer time to recover it in compliance with the UEM Standards.

The race is likely to be postponed in a new date to be decided by the UEM Motocross Commission.
