## Opening of the Enduro European Championship

The 2013 Enduro European Championship will start on the 27th and 28th of April in Bussisul Tirino (Italy).

Since today the organisers received registration entries by 182 riders, among whom 10 for the FIM Europe Cup 50 cc., 10 for the Women and, for the first time, 2 Ukrainian riders.

The Enduro Commission chairman, Marco Bolzonello, expressed great satisfaction for the high number of registration, in particular among Junior riders.

The organisers, thanks to the support of the promoter Wolfgang Butzner and of the Tourism Office of the Pescara province, did their best to guarantee the success of the event, which presents an extremely competitive track that was defined by the former world champion Mario Rinaldi, after a detailed inspection, as worthy for an European level event.
