

Press Release

Cancellation of the Road Racing event in Albacete

The FIME has received the communication from the Circuit of Albacete cancelling the Road Race event envisaged for October the 5th.

The reason for the annulation of the event, as well as the impossibility for it to be held for the years 2015-16-17, is due to the decision of the consortium of the Albacete Road Racing Circuit, which has approved its financial scheme in the following years.

These decisions do not allow to proceed with the celebration of the Road Race event in the circuit.
