

19th June 2020

Press Release n. 31

European Mini Road Racing Championship 2020

After the emergency situation due to Coronavirus outbreak, the FIM Europe announces that the Mini Moto Road Racing European Championship - originally scheduled at Assen (The Netherlands) on the weekend of August 2nd - it will be postponed on September 18th-20th in Italy, at Adria International Raceway.

The decision has been taken thanks to the big efforts of the FMI (the Italian Motorcycling Federation) and Moto Club CMV, which have welcomed it with enthusiastic although the difficulties of the current situation, which is gradually improving.

Adria International Raceway is a top level track that can host at the same time Mini Moto e Mini Bike specialities inside its two renewed circuits.

To enrich the Event FIM Europe is glad to announce the precious collaboration with Ohvale manufacturer, as exclusive partner of the European Mini Road Racing Championships for the next two years. Ohvale, which is an Italian manufacturer leader worldwide in this sector with the production of his own prototype very useful for the growth of the young riders, is very satisfied and pleasant to FIM Europe for this project started in 2017 with a promotional cup that is now became strong reality with European Championship.

Last but not least will be the participation of the Aprilia RS250SP with its European Cup for the very first debut of this machine in an European contest.

The registrations will open on July 1st.
