

23rd February 2021

Press Release n. 11

Goodbye friends

Today, February 23rd 2021, is a very sad day for the FIM Europe family and the whole Motorsport world.

Fausto Gresini has lost his battle with Covid-19: he was two-time World Champion in the 125cc class and a key figure in the paddock as founder of the Gresini Team.

We are deeply saddened to hear of the passing of Fiammetta La Guidara too. She has been FIM Europe Press Officer from 2014 to 2018, working with great passion and professionalism for the promotion and communication of European events and competitions.

The whole FIM Europe wants to express its condolences to their families.

Goodbye Fausto, goodbye Fiammetta.

With fond memories always.
