Press Release n. 18

Drag Racing season 2021

The FIM Europe would like to give you an update about the latest news about 2021 Drag Racing season.

Due to the national restrictions and uncertainty related to the ongoing Coronavirus pandemic, the 2021 Drag Racing season will be different compared to the previous years. Two races have been scheduled: the first in Hockenheim and the final in Santa Pod. These events are depending on the decisions of the German and British governments and the possibility for big groups of spectators to attend the races. If the competitions will take place, it will be without the EC status.

Besides this, the FIM Europe is negotiating with Trakbak promoter came at the end of its contract period.

A meeting for potential organisers of Drag Racing series (2022 and following years) will be organised during the 2021 summer time.

All useful information will be published in due time.
