The FIM Europe would like to inform of some updates to the **2021 Motocross Championships calendars**.

Firstly, together with Infront Moto Racing, is pleased to confirm the venue for the MXGP of France on the 9th-10th of October, as Lacapelle-Marival. The circuit, located in the southwest of France is not entirely new to the FIM Motocross World Championship.

Additionally, the round of Latvia in Kegums, originally scheduled on the 10th & 11th of July, will now move to the 7th & 8th of August, meanwhile the races of Sweden in Uddevalla will no longer take place in 2021 and are postponed to the 2022 season.

The FIM Europe would like to thank all of the parties involved for understanding and cooperation during this period.
