

12th August 2021

Press Release n. 74

Calendar Update:

EMX2t Presented by FMF Racing Rounds Three and Four Postponed

The FIM Europe and Infront Moto Racing would like to inform that rounds three and four of the EMX2t Presented by FMF Racing will not go ahead as originally planned in Turkey on the 4th and 7th of September and instead will be postponed to a later date with a new venue to be announced shortly.

Meanwhile the rounds of Turkey and Afyon on the same dates will still see the EMX Open event running as already confirmed.

More news on the venues that will host the final rounds of the EMX2t Presented by FMF Racing series will be released shortly as we prepare to crown this year's champion.
