

19<sup>th</sup> October 2021

Press Release n. 101

**Issue #03 FIM Europe Magazine is now online!**

**The FIM Europe is glad to announce that FIM Europe Magazine issue #03 2021 is now online!**

July, August and September have been months reach of competitions and events: both road and off-road races took place in full compliance with the anti Covid-19 regulations.

First of all, the FIM Europe passed on deepest condolences to Hugo Millán's family, friends, team and loved ones, following his passing after the serious accident in European Talent Cup Race One at the MotorLand Aragón Round of the FIM CEV Repsol.

Both Sporting and Non-Sporting Commissions took place in summer and also the Management Council.

One year after the last edition, with one-year break, the FIM Europe renews its commitment with the FIM Europe Club Experience: this year's edition took place in Austria thanks to the assistance of Mr Franz Pintarich, FIM Europe Touring Commission Member, and his Staff with the support of AMF.

The Public Affair Commission, with Mr Dimitris Margaritas, faced the "Touring with alternative fuel" project, supported by the University of Florence.
