Press Release n. 38

**Update on FIM JuniorGP™ World Championship Technical Regulations:
new minimum weights**

The FIM Europe and FIM have published an update on the JuniorGP™ Technical Regulations: new minimum weights for the Moto2™ European Championship and Hawkercup European Talent Cup.

With the aim of not harming those riders of the Moto2™ ECh -including Stock subclass- and of the HETC that have decided to use the airbag, the minimum weight of the motorcycles will be increased by 2Kg for those riders who do not use the airbag.

As in the JuniorGP™ class, using an airbag is mandatory for all the riders, the rules for this class are not affected.

The full text of the regulations is available [here](#). These are the updated articles:

- **Moto2 Triumph:** 2.5.4.1 Weights
- **Moto2 Honda:** 3.9.1 Weights
- **Stock:** 4.6.4 Minimum weights
- **HETC:** 5.6.3 Minimum weights

Please visit the FIM Europe website for further information and updates.
