Press Release n. 80

New venue announced for EMX in Finland

The FIM Europe together with FIM, Infront Moto Racing and Lahti Events Ltd., the organizer of the upcoming MXGP of Finland, announce that an alternative venue has been selected to host the Finnish Grand Prix on the 13th & 14th of August.

The event, that was originally set to take place in Iitti-KymiRing, will instead head back to an old favourite venue, Vauhtipuisto in Hyvinkää, hosting the EMX125, EMX250 and EMX Open.

Hyvinkää is a city located around 50 kilometres from the capital Helsinki and has been part of the FIM Motocross World Championship since making its first appearance back in 1965. Some winners at the original venue include the likes of Sylvain Geboers, Harry Everts, Kees Van Der Ven, Dave Strijbos, Antonio Cairoli and Jeffrey Herlings, just to name a few.

The venue itself features the main track, a track for 85cc bikes and a children's track, as well as an enduro route and a speedway circuit, making it any motorcycling enthusiasts dream land.
