Everything printed in BOLD is new or changed for **2022**.

Where is written “he” or “his”, it means also “she” or “her”.

RR 030.1 GENERAL

The following rules apply solely to all Hill Climb Road Racing that will be organised under jurisdiction of FIM EUROPE and counting for the (FIM EUROPE) EUROPEAN CHAMPIONSHIP. These rules are an addition and adjustment of the articles in RR 01 and RR 02.

The maximum number of Events per FMN is 2 Events per season. In case of cancellation of an Event, double rounds can be organised and more than 2 Events can take place.

RR 030.2 TRACKS

The races take place on asphalt Hill Climb track. During the event the Road must be closed for public use. The length of the track must be between 1.500 and 4.000 meters and must be homologated in **2022** by the organising FMNR.

RR 030.2.1 Flags, lights and boards

Marshal posts should be installed along the track with a maximum distance of not more than 150 meters between each post.

Their locations should make it possible to always have visual contact with the next post in race direction.

All posts must be manned by a minimum of two persons to guarantee the efficient presentation of flags or other means of communication during all practices and races.

In case of a situation justifying the use of the red flag, it should be presented at the actual position and descending the race track to stop all riders as early as possible.

After the situation has been clarified, all riders having been influenced by the red flag should be brought back to the starting area in order to restart their practice or heat, avoiding any disadvantage for these riders.

RR 030.2.2 Dimensions, colours and location of the flags

The dimensions of all the flags must be minimum: 80 cm horizontal X 60 cm vertical.

The colours of the flags must be bright and clear.

The flag Marshals must be located so that every Flag Marshal has visual contact with the post before and after him.

In principle each Chief of a Marshal post of a sector, must have visual contact with at least the post before and after his post and must have radio or telephone contact with the Clerk of the Course or his deputy.

RR 030.2.3 Flags and lights used to provide information and instructions

Yellow and Red Striped Flag Oil, water, gravel or another substance is affecting the adhesion of the track.

Yellow Flag or Flashing Yellow Light Note: The use of the yellow flag on the track during an event is a decision of the CoC.

Indicates danger ahead, on or nearby the track. It must be shown on at least two Marshal posts before the danger. In race direction, waved on the last 2 positions before the danger.

Riders must slow down and be prepared to stop. Overtaking is forbidden until the point where accident has occurred.

During the final inspection lap, this flag must be presented at the exact place where the flag Marshal will be positioned during the practices and races.

Flashing Yellow lights along the track (if used) gives the same instructions.

Blue Flag Note: The use of the blue flag on the track during an event is a decision of the CoC.

Shown waved to a slower Rider(s) who is (are) about to be overtaken by a faster rider. The slower rider may not hinder the faster Rider.

– During practices, the Rider concerned must keep his line and slow down gradually to allow the faster Rider(s) to pass him.

– During the race, the Rider concerned must allow the following rider(s) to pass him at the earliest opportunity.

Red Flag waved and/or flashing Red Lights (along the track) Shown at each Marshal post and indicates that the race or practice is being interrupted. Riders must stop and wait for a car who will guide them back to the start. They may not pass this flag or light. All the Riders up to the point of accident will be escorted by a leading car and a closing car back to the starting area. The leading car may not be passed by the Riders. If a rider crash on track, the race must be stopped by CoC (flag Marshal) with red flag. All marshals back to the start must show immediately the red flag and all Riders before the crash zone must stop. The track will be cleaned up and the CoC brings the riders back to the start. All this Riders can do a new start.

Wet race If the CoC decides during one class that the weather conditions changed, the race to wet race, then all Riders of this class will come back to the start where the whole group (also double starters) must restart the race under same conditions.

RR 030.3 TECHNICAL RULES
