Last weekend, SVEMO, the Swedish Motorcycle Federation, hosted the annual Nordic Meeting in Arlanda Airport, Stockholm.

This important conference for FIM Europe and Nordic Federations, has been attended by Presidents and Secretaries General from the Nordic countries, Lithuania and Estonia.

The meeting covered topics such as sustainability, environment, insurance and education, providing a platform to share countries' experiences and knowledge in several important areas.

Nordic countries benefit from each other's insights and progress, promoting these aspects in motorsport. A particular focus was on the deepening cooperation in various areas, including insurance and licensing.

The 2023 Nordic Meeting concluded with the appointment of Denmark as next year's official venue.

FIM Europe and Nordic Federations strongly believe that this special occasion is fundamental to promote the cooperation and development of motorsport in the Nordic countries.
