The FIM Europe, together with Infront Moto Racing and FIM, is excited to unveil updates to the 2024 Motocross European calendar.

Maggiora, one of the most historic motocross tracks in the world, is set to host the MXGP of Italy and EMX125 on the 15th and 16th of June. Showing its importance in motocross, the picturesque Italian track has hosted 3 Motocross of Nations and 12 events of the FIM Motocross World Championship. There's no doubt that the hilly Maggiora track will continue to deliver a fantastic show for the enjoyment of all motocross fans.

The MXGP of Flanders at Lommel will see the EMX250 category racing alongside the EMXOpen.

Further updates for 2024 includes the long-anticipated return of the Motocross of European Nations on the 14th and 15th of September 2024 following its regrettable absence in 2023.

The venue that was chosen to host the promising event will be the TCS Racing Park, near Romanian capital, Bucharest. Renowned as one of the best motocross tracks in Eastern Europe, the venue is not new to international events as it successfully hosted the FIM Junior Motocross World Championship in 2023 and is fully geared up to welcome European teams and riders for this prestigious event.
