Press Release n. 119

Issue #04 of FIM Europe Magazine is now online!

The FIM Europe is glad to announce that the FIM Europe Magazine issue #04 is now online!

The last issue of the year closes the quarter with the last races of the season, celebrating the 2024 champions.

From the Institutional point of view, for the first time the Sporting and Beyond-Sporting Commissions' Meetings took place together in Rome in late November. In the occasion also the FIM Europe Management Council met at the General Secretariat in Fiumicino.

We took the occasion to remember Massimo Sironi, who has been part of the FIM Europe Family from 2008 to 2018 as member of the Vintage Commission.
