Press Release n. 10

**Snowcross European Championship:
2024 dates announced**

The FIM Europe and Infront Moto Racing are glad to announce the 2024 Snowcross European Championship calendar.

The Snowcross European Championship will officially take place together with the FIM Snowcross World Championship. The 2024 season will see two rounds:

- 13th-14th April - Joensuu, Finland
- 20th-21st April - Kirkenes, Norway

The first one will be in in Joensuu, Finland, on the 13th-14th April.

The second largest city in Eastern Finland, is located on the northern shore of Lake Pyhäselkä and surrounded by forests, making it a stunning location to host an event in the natural landscape. The stadium is a permanent horse racing stadium and is perfectly suited to host the Snowcross event with great facilities for both the spectators and teams.

For the second and final round the Snowcross world will move to the well-known Kirkenes, Norway, that will host another exciting event on the 20th-21st April after last year's success. The city is an amazing place for the series, as Snowmobiles are really important for the region as they are one of the prime vehicle choices to move around the region by locals.

Stay tuned for a thrilling season!
